

Environment diploma

For an exceptional effort Gronet hereby awards

Müller Gas Equipment

Gronet environment diploma

It is Gronet's estimation that the company continues to work actively and seriously with its environmental influence.

Gronet can establish the following:

That the company's environmental review is in accordance with the criteria in Gronet's manual for environmental reviews.

That the company adheres to current environmental regulations.

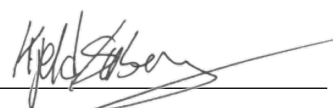

On that background Gronet is awarding the company with an environment diploma for an exceptional environmental effort.

The diploma is valid until 2026
